## Where to check for New or Potential Future Regulation Changes

- [Standards Board – Mailing List Request Form](#)
- [Standards Board Approved Standards Page](#) – these are final standards that are now law, or will be very shortly
- [Standards Board Emergency Standards Page](#) – these are final or proposed standards that are temporary in nature until a permanent regulation can be created
- [Standards Board Homepage](#) – For potential new standards, look for Proposed Standards or Advisory Committee meetings. Look at other meetings for agendas and decisions.
- [Cal/OSHA Rulemaking page](#) – For regulations that are decided on by Cal/OSHA (typically administrative-type regulations)
- [Cal/OSHA Advisory Committees](#) – These committees will draft and discuss proposed health related standards that will be sent to the Standards Board for consideration and adoption.
- [State Fund’s Safety Resource Center News Page](#) – for articles on new standards that affect a large number of businesses

## Newly Adopted or Updated Regulations for 2020

- [Change in definition of Serious Injury – Adopted in January](#)
